

Four Mad Scientists shared their love of teaching science to Trout students on Thursday, Feb. 2nd. Gifted and Talented students attended a select workshop in the afternoon. Fifth graders were engaged in a STEM workshop. The entire school was treated to an assembly that afternoon. Over one hundred families came together Thursday evening for a night of high energy scientific excitement. Derick Brock presented Fire and Ice. Following the performance, teachers assisted the scientists at booths allowing students to experience force & movement, light & color, detective science and space. (Pictured Paetton Miller and Scientist Derick Brock).
