

Po-Hi Celebrates Their PIE Partners

Staff and students at Ponca City Senior High School are celebrating their PIE (Partners In Education) Partners – Family Vision Care, Alliance Health, and HOUSE FM Radio. Sponsored by the Ponca City Chamber of Commerce, the PIE program has been matching schools with local businesses for many years.

Dr. Kelly Campbell's donations from Family Vision Care provided ink cartridges for the Foreign Language and Special Education Departments. She also donated supplies for science experiments and activities.

Alliance Health provided supplies for the Foreign Language and Social Studies Departments.

HOUSE FM Radio dropped off supplies for all new teachers and the English and Special Education Departments.
