

Press Release

Po-Hi Online Enrollment Extended

Due to the teacher walkout, the window for online enrollment for Ponca City Senior High School has been extended until Sunday, April 22 for the 2018-2019 school year. Enrollment is open for all students entering Po-Hi next year.

During this time students and parents will have opportunity to make course selections for the upcoming year. All course requests will be completed online.

A makeup enrollment date will be scheduled for Po-Hi students to meet with their alphabet counselor. East Middle School students, who missed enrollment, will work with their English teacher to complete enrollment.

Private school parents will need to be sure they have registered in order to enroll.

Parents are encouraged to login to either Parent Portal or to their student's account to verify what courses the student has chosen. You can login at <https://powerschool.pcps.us/public/>. Parents can access using their Parent Portal information. After login, click "Class Registration" in the left hand column.

Please contact Audra Mason masona@pcps.us with questions or for further information
