

Press Release

Ponca City Public School District Announces *January You Inspire Me* Project Recipients

Liberty student Daishawn Casper was the student recipient of the district's new *You Inspire Me* project for the month of January. Liberty Principal Jennifer Martinez surprised him with the honor.

West Middle School teacher and district coach Stoney Parks was the certified selection this month. Ponca City School's Athletic Director Jared Freeman presented him with the award.

The support personnel recipient was Donny Edwardson, head custodian at East Middle School. East principal Denton Long presented him with the special honor.

The Ponca City Public Schools "You Inspire Me" project was created to recognize dedicated students and employees who continue to motivate and make a difference on a regular basis. Each month, the district surprises one student, one certified employee, and one support employee to let them know how they are an inspiration to Ponca City Public Schools.

Everyone can watch the heartwarming video on the district's website <https://youtu.be/5SJMEtKViQ> or Facebook page.
