

## Elementary CFA

Grade: Kinder.

Subject: Math

Common Core Goal: Identify, describe, analyze, compare, create, and compose shapes.

Learning Target for CCG: K.G.5 Model shapes in the world by building shapes in the world.

Learning Target Verb & Level of Rigor: Product & II or III

### Assessment Instructions:

Students will be provided a variety of materials to create shapes (play dough, mini marshmallows, toothpicks, dot paper, pencils, crayons, etc.). Students will be instructed to create two dimensional and 3 dimensional shapes (squares, circles, triangles, rectangles, hexagons, cubes, cones, cylinders, and spheres). Students will label or explain their shapes to the teacher.

### Rubric:

- 3 - With no assistance from the teacher the students will be able to correctly create at least one 2D and 3D shape. The student will correctly label or describe shapes verbally.
- 2 - With minimal assistance or feedback from the teacher the student will create one 2D and one 3D shape, label, or explain.
- 1 - The student attempts the task with little or no success.
